Guide for Parents

This book is part of an exciting four-level reading series for children, developing the habit of reading widely for both pleasure and information. These chapter books have a compelling main narrative to suit your child's reading ability. Each book is designed to develop your child's reading skills, fluency, grammar awareness, and comprehension in order to build confidence and engagement when reading.

Ready for a *Level 3* book

YOUR CHILD SHOULD

- be able to read many words without needing to stop and break them down into sound parts.
- read smoothly, in phrases and with expression.
By this level, your child will be beginning to read silently.
- self-correct when a word or sentence doesn't sound right.

A VALUABLE AND SHARED READING EXPERIENCE

For some children, text reading, particularly nonfiction, requires much effort, but adult participation can make this both fun and easier. So here are a few tips on how to use this book with your child.

TIP 1 Check out the contents together before your child begins:

- invite your child to check the back cover text, contents page, and layout of the book and comment on it.
- ask your child to make predictions about the story.
- talk about the information your child might want to find out.

TIP 2 Encourage fluent and flexible reading:

- support your child to read in fluent, expressive phrases, making full use of punctuation and thinking about the meaning.

- help your child learn to read with expression by choosing a sentence to read aloud and demonstrating how to do this.

TIP 3 Indicators that your child is reading for meaning:

- your child will be responding to the text if he/she is self-correcting and varying his/her voice.
- your child will want to talk about what he/she is reading or is eager to turn the page to find out what will happen next.

TIP 4 Chat at the end of each chapter:

- encourage your child to recall specific details after each chapter.
- let your child pick out interesting words and discuss what they mean.
- talk about what each of you found most interesting or most important.
- ask questions about the text. These help to develop comprehension skills and awareness of the language used.

A FEW ADDITIONAL TIPS

- Read to your child regularly to demonstrate fluency, phrasing, and expression; to find out or check information; and for sharing enjoyment.
- Encourage your child to reread favorite texts to increase reading confidence and fluency.
- Check that your child is reading a range of different types of material, such as poems, jokes, and following instructions.
